Sir:

RECEIVED  
JUL - 8 2002  
TECHNOLOGY CENTER 1700

In response to the Office Action mailed March 15, 2002 Applicants submit the following amendments and comments for entry into the file of this application.

IN THE CLAIMS

A copy of the amended claims, showing insertions and deletions, is attached hereto as Appendix A. Please rewrite the claims as follows:

Please cancel claims 4-10 and 17-19 without prejudice.

1. (Amended) A transparent substrate having at least one surface comprising, on at least one of its surfaces, an antireflection coating made of a multilayer stack comprising alternating thin layers of high and low refractive indices, wherein at least one of the high-index thin layers has a refractive index value of at most 2.40 and is a high-index multilayer comprising at least one titanium oxide layer and at least one additional high index layer, wherein the additional high index layer has a refractive index of at most 2.3.
